OUR MISSION

U.S.VETS is the nation's largest nonprofit provider of comprehensive services to homeless and at-risk veterans. Our mission is the successful transition of military veterans and their families through the provision of housing, counseling, career development and comprehension support.

HOW WE SERVE

- Housing (Emergency, Transitional, Permanent)
- Work Force Development
- Mental Health & Wellness
- Individualized Support
- Women Vets On Point
- Case Management

HOUSING

Every veteran deserves stability and a place to call home. U.S.VETS follows a Housing First model. Our housing programs offer both temporary and permanent solutions to uplift at-risk, low-income, and homeless veterans and families.

WORKFORCE DEVELOPMENT

Gainful employment can be a crucial first step to transforming a veteran's life. Through U.S.VETS Career Centers and career counseling services, we help veterans translate their military experience into civilian employment opportunities.

Career Development Initiative is designed specifically with post-9/11 veterans and vets who are recent graduates in mind.

MENTAL HEALTH & WELLNESS

- Individual & Family Counseling
- Group Counseling
- Case Management
- Educational Workshops

Because no two veterans' circumstances are the same, Outside the Wire will review your specific needs to provide a wide range of support with in-person, online, and telehealth services designed just for you.
